THE COMMUNITY

Huntington is a culturally diverse, residential, suburban community with approximately 30,000 people. It is located on the north shore section of Long Island, thirty seven miles east of New York City. Students enjoy all of the cultural, educational and recreational advantages of the metropolitan area. The community's support is evidenced by the various educational programs offered.

SCHOOL PROFILE

Huntington High School is a four-year comprehensive public school, accredited by the Middle States Association of Secondary Schools and the New York State Board of Regents. Close to 4,700 students attend Huntington Public Schools in grades kindergarten through 12. There are four primary schools serving students in grades K-4, one STEM Magnet school serving students in grades 3-6, one intermediate school serving students in grades 5 and 6, one middle school serving students in grades 7 and 8, and one high school serving students in grades 9 through 12. The high school population totals 1535 (including 335 seniors), and all students are provided with challenging programs that enable them to successfully transition into post-secondary schools and meet the demands of colleges and universities.

CURRICULUM

Students are required to fulfill a minimum of 22 credits for graduation. These credits must include the following: four units in English, four units in social studies, three units in mathematics, three units in science, one unit in world language, one unit in fine arts (art or music), one-half unit of health, two credits in physical education, and additional electives (as needed). Honors level courses are available in most subjects, and Advanced Placement courses are offered to students in grades ten through twelve. Students also have the opportunity to partake in our science research program beginning in grade nine, and are encouraged to continue with the program throughout their high school career.

CLASS RANK

In accordance with the Huntington Board of Education policy, beginning with the Class of 2004, students are not ranked by cumulative grade point averages (GPA's). However, student transcripts do reflect the weighted GPA's for the purpose of distinguishing amongst the rigorous courses and programs offered (Regents, Accelerated, Honors, College, and Advanced Placement).

ACCELERATED, HONORS, AND COLLEGE COURSES

Accelerated courses are multiplied by 1.05 when computing the student's GPA. Grades in Science Research, Honors and College courses are multiplied by 1.075 when computing a student's GPA except for Band and Orchestra, which are weighted as 1.025. Thus a final course grade of 95 has a value of 99.75 in an accelerated course, and a value of 102.13 in a Science Research, Honors or College course (with the exception of Band and Orchestra which would have a value of 97.38).

ADVANCED PLACEMENT PROGRAM

Students who are interested in enrolling in Advanced Placement courses must have demonstrated outstanding academic achievement in previous courses. Advanced Placement classes receive a weight of 1.10 in the GPA calculation; thus a final course grade of 95 has a value of 104.5. In total, 339 students wrote 809 Advanced Placement examinations in the following areas:

Biology	46	Environ. Science	33	Physics C: Mechanics	3
Calculus AB	28	Gov't. and Politics: U.S.	98	Psychology	18
Calculus BC	21	Human Geography	5	Spanish Language	26
Chemistry	17	Italian Language	7	Statistics	2
Computer Science	1	Microeconomics	83	Studio Art: 2-D Design	14
English Language	95	Music Theory	7	Studio Art: Drawing	10
English Literature	100	Physics 1	27	United States History	97
				World History	71

In the 2015-2016 school year, we had a total of 111 AP Scholars, including 28 AP Scholars with Honors, 39 AP Scholars with Distinction, and 10 National Scholars.

EXTRA-CURRICULAR PROGRAM

Students are required to fulfill ten hours of community service each year and grades are included on the high school transcript. A grade of 'P' indicates that the student met the requirements, whereas a grade of 'F' indicates that the student did not. Approximately 78% of our students participate in interscholastic sports. We offer 27 varsity and 14 junior varsity teams, as well as the opportunity for students to explore and develop their athletic talents. We have had over 85 league, county, Long Island, state team and individual championships since 2006, as well as 2 national championships; about 49% of our student-athletes earn honor roll status each quarter.

SPECIAL PROGRAMS

- ~Student Internship Program – Only open to seniors, students are provided with opportunities for enrichment activities that go beyond the traditional academic experience. Students pursue a career and develop a creative project, while working under the supervision of a mentor.
- ~Western Suffolk BOCES Wilson Tech – A vocational school where students study occupational education.
- ~Special Education – Students with special needs are provided with individualized education programs, as well as services that are challenging and designed to support student success.
