

SHARED DECISION MAKING COMMITTEE

2017-2018 School Based Team Goals

List each goal on a separate form

SMART Goal:

Every student at Jack Abrams STEM will have a common understanding of a monthly character trait, know what the learning intention is for that trait and what the successful demonstration of each trait looks like.

Action Plan:

- Collaboratively identify monthly character traits to be the focus of our social emotional learning
- Conduct monthly grade level assemblies to establish common understanding, learning intention and successful criteria
- Reinforce learning through recognition program – teacher and student nominations
- Implement self-monitoring consistently in every class
- Parent participation through use of videos to spark home discussions
- Progress toward goal clearly displayed and celebrated

Assessment:

- School-wide achievement clearly visible in common spaces (cafeteria).

SHARED DECISION MAKING COMMITTEE

2017-2018 School Based Team Goals

List each goal on a separate form

SMART Goal:

Increase attendance and parent participation at school and community events.

Action Plan:

- Develop communication plan to raise awareness and impact of parent participation
- Develop a plan to engage support of students in generating parent participation
- Use social media to raise awareness and impact of parent participation
- Conduct interest survey to determine what programs would interest parents

Assessment:

- Monitor attendance at school and community events.
