

SHARED DECISION MAKING COMMITTEE

2017-2018 School Based Team Goals

List each goal on a separate form

SMART Goal:

BOE Goal - Maximize home-school communication and further increase parent engagement throughout the school community.

School Goal - Woodhull faculty and staff will seek to engage the ENL parents/guardians to be actively involved within the Woodhull Community to increase achievement on the Common Core state assessments, quarterly exams, and AIMSweb benchmarks.

Action Plan:

During Shared Decision making meetings, brainstorm ideas on how to encourage the ENL population to attend parent workshop events.

Continue having Career Day at Woodhull inviting parents to speak to the students about their careers. We will reach out to our Spanish parents and invite them to present, in Spanish, to students in the DL program in both 5th and 6th grade.

Continue translating all documents in Spanish including Connect-Ed messages

Have the district Neighborhood Aide reach out to the ENL families to personally invite them to any school parent workshops and provide families with translation devices during presentations.

Assessment:

Have attendance sheets at all school events that parents are invited to as a record of participation from ENL parents/guardians who are attending.
