## SHARED DECISION MAKING COMMITTEE

# *2018-2019 School Based Team Goals*

List each goal on a separate form

**SMART Goal:** The Finley SDT believes that last year's goals were well planned and applied. There were activities which supported the goals of enhancing the character education and social-emotional growth opportunities for all students. Because such good progress was made and students offered positive feedback on these activities, we will again working on further enhancing and expanding our goals related to character education and social-emotional learning for all students.

**Action Plan:** Discuss ideas for student activities; guest speakers, field trips, student-centered projects, etc. which support the stated goal.

**Assessment:** Student feedback, teacher observation, parent feedback.
