

## Huntington Union Free School District

*"A Tradition of Excellence since 1657"*

James W. Polansky

Superintendent of Schools

May 15, 2018

Dear Huntington School District Residents:

On behalf of the Board of Education and administration, please accept my sincerest thanks for supporting the Huntington School District's 2018-2019 budget and capital reserve propositions. This support will allow us to maintain our commitment to addressing the needs of our students across the grade levels in a financially responsible manner. Further, your endorsement of the capital propositions will permit us to make needed improvements and upgrades to buildings throughout the district in the years to come.

My gratitude extends to each of you who assumed an active role, asked questions or provided input during the budget development process. We will continue in our efforts toward achieving cost savings and efficiencies, while preserving the goal of providing students in all district schools with a high quality education that promotes an appreciation for learning and one that prepares them for their academic, professional and personal lives beyond Huntington.

As always, I strongly encourage district residents to contact me at any time during the year with questions or concerns, or simply to recognize a student or staff member accomplishment. I am exceptionally proud of our collective dedication to fostering an environment that contributes to the development of academically prepared and well-rounded young people, promotes parental involvement, and encourages collaboration among all members of the school district community.

Thank you for your confidence in the Huntington School District and for continuing to embrace our children and their futures.

Sincerely,

James W. Polansky  
Superintendent of Schools
