

**Huntington Union Free School District  
Huntington, NY**

**BOARD OF EDUCATION GOALS 2012-2013**

1. Continue to demonstrate measurable improvement in overall student performance (AYP) and subgroup gap-closing at all buildings, including graduation rates at the high school.
2. Effectively implement Common Core curricula in grades K-8, while providing appropriate rigor and individualization in classrooms at all levels. Continue planning for the Common Core shift at the high school level.
3. Develop a fiscally responsible and transparent budget given the economic constraints and conditions resulting from the second year of the tax levy cap, maximizing efficiencies while maintaining the integrity of programs and services offered at all HUFSD schools.
4. Further evaluate and determine effective use of all district facilities, including investigation of “green” initiatives that can effect potential short-, intermediate-, and long term efficiencies and cost savings.
5. Review/evaluate technology solutions for educational purposes, district communications, and state assessment requirements; incorporate into a revised technology plan for the district.
6. Continue to improve public perception of HUFSD by highlighting successes through outreach to community members and groups, and by proactively engaging the local media.
7. Continue to improve relations with the town government, district residents and community groups in a manner that will directly benefit HUFSD students and the district community.
8. Work with our food service provider to improve the quality and nutritional benefits of the food served in our schools, with the goal of serving better tasting, health-supporting food that appeals to all students.
