

**Huntington Union Free School District
Huntington, NY**

BOARD OF EDUCATION GOALS 2013-2014

1. Continue to demonstrate measurable progress in overall student, building and subgroup performance, including graduation rates at the high school.
2. Further integrate Common Core curricula in grades K-8, as well as initiate implementation in high school algebra and English language arts, while maintaining authentic learning experiences and individualization in classrooms at all levels.
3. Continue to develop a fiscally responsible and transparent budget given the economic constraints and conditions resulting from the tax levy limit, maximizing efficiencies while maintaining the integrity of programs and services offered at all HUFSD schools.
4. Further determine and evaluate strategies to promote effective use of all district facilities, including those that address potentially increasing enrollments and those resulting from the investigation of energy/cost-saving initiatives.
5. Review/evaluate potential infrastructure upgrades and educational technology solutions that enhance district communications and address state assessment requirements.
6. Maximize home-school communication and further increase parent engagement throughout the school community
7. Maintain relations with the town government in an effort to ensure that district interests are considered and addressed as relevant town initiatives are implemented.
8. Work with our food service provider to improve the quality and nutritional benefits of the food served in our schools, with the goal of serving better tasting, health-supporting choices that appeal to all students.
